

PAOLOA E. J. SALISBURY TAKES HIS LIFE AT ARLINGTON HOTEL.

**His Wife Was Alarmed Over His Absence
and When She Searched the Hotels She
Discovered That Her Husband Was
Dead—No Reason For Suicide.**

Paoloa E. J. Salisbury, a book-keeper at the hotel in search of her missing husband, first asked if any one by the name of Mrs. Farnsworth had registered. On being informed that no such person was a guest of the hotel, she asked to see the register. She discovered the name of P. J. Early upon the register in the hand-writing of her husband and requested to be shown to room 22, where the latter had been spending his last night. The manager said that the room had been registered for a man, but that he had not manifested any surprise or alarm at her coming to a room which was not his.

No cause for the rash deed can be advanced by the unfortunate man's wife, who resides at 1957 University Avenue, in Berkeley, or by the employers of the deceased.

CAUSE IS A MYSTERY.

The entire affair is shrouded in mystery.

On Wednesday morning the subject left his home in Berkeley and reported for duty at his customary place in San Francisco. After working over his books for a short time, he seemed plodding and not feeling well and asked that he be permitted to go home. This request was readily granted and this was the last seen of him by his employer.

He returned to his home in Berkeley but did not remain. He left the hotel abruptly, determined to tell his wife where he was going.

TOOK ROOM AT HOTEL.

Yesterday morning he called at the Arlington Hotel, corner of Ninth and Washington streets, and engaged the best room in the house. He appeared nervous, but there was nothing in his appearance to arouse a suspicion that he contemplated suicide.

He was seen by a chambermaid entering his room at noon yesterday. This was the last time he was seen alive.

Just when the fatal shot was fired is a matter of conjecture, but circumstances point to the dead having been conducted to the room by his wife.

BUSY DAY IN CRIMINAL DEPARTMENT.

**Harry Wilson is Given
Five Years in San
Quentin.**

MANY CASES HEARD IN COURT.

This was a busy day in the criminal department of the Superior Court, presided over by Judge Melvin. There were a number of important criminal cases, among them being that of Harry Wilson, the colored barber, who was found guilty recently of an assault upon Mrs. Moody Deering, to whom he was formerly engaged. Wilson was sentenced to San Quentin for five years.

When the case was called in court, Attorney Goldsby asked for a new trial on the ground that the court in trial had been guilty of partiality. The judge, however, denied the motion.

Wilson, the colored man, was a native of Toluca, Indian Territory, and was 41 years of age.

He had a bottle of laudanum and a bottle of rat poison on his person when found. Both bottles were packed when giving rise to the conjecture that the deceased may have contemplated suicide for some time.

He was a member of the Wodden of the World, the Redmen and the Junior Order of American Mechanics. He was the clerk of the Berkeley Lodge of Redmen.

The inquest will be held on Saturday at Berkeley.

The Indian Medicine Man had an influence among the tribe which was equal, if not superior to, the Chief. Many roots and herbs have been known to the American Indians for centuries as valuable in the treatment of certain diseases. It seems a provision of God that the man who lives close to nature has the power to recognize certain plants as effective for aiding the human system to expel disease.

Dr. Pierce's Golden Medical Discovery is a blood purifier, liver regulator and general tonic that depends for its curative properties upon roots and herbs—some of which are gathered by the Indians on the reservations.

The Indian, as well as the white man, recognizes that the spring is the season of our greatest depression—it is the season for loss of flesh or spirits. A blood purifier as well as a tonic is at this time in strength the system—to assimilate food and put the body in a wholesome state so that it can throw off the germs of many diseases which at this time of year are always hunting for victims.

This is the work which the "Medical Discovery" accomplishes in a straightforward way—without any dependence upon alcohol (for Dr. Pierce guarantees that no alcohol can be found in this medicine). The combination of herbs in this "Discovery" of Dr. Pierce goes to the seat of disease by expelling the poisons in the blood—then it tones up the stomach so that it can better assimilate food, and in consequence the person who has lost flesh, appetite and good spirits all at the same time begins to pick up. To gain in fat is nearly always to gain in blood, and the person who begins with Dr. Pierce's Golden Medical Discovery is soon told how much better he looks by his friends who see a gain of flesh in his face. A gain of wholesome flesh up to a certain point goes hand in hand with rise in all the other essentials of health, and notably in the color and the amount of red corpuscles. The many testimonies received by Dr. Pierce during the year are the true test of what his "Discovery" will do.

"I believe that your medicines are the best in the world, and I honestly believe that I would have been in my grave to-day had it not been for your medicine, and the mercy of the good Lord," writes Mrs. James R. Moss of New London, Conn., N. C. "In the fall of 1862 I took a bad cold, which seemed to settle in my head, terminating in catarrh of the head. It bothered me all of the time, but I did not think it was serious until the spring of 1893, when my health became much impaired. My blood was all out of order, and I had to go to the doctor. He gave me medicine which helped for a short time. In the winter of 1893 I got worse than I had ever been. My tonsils were enlarged and my neck swollen all out of shape; my throat was sore and I could not eat. My husband went to the doctor, but he gave me no encouragement. He helped me a little, but it did not last long, and so he attended me for twelve months, when I heard of a lady that was taking your medicine and was getting well. The next time the doctor came I asked him if he could cure me, and he said he reckoned he could. I told him of this lady and asked him if I could go to see her and see if she was like I was. He said we were just alike, and not to wait until I got able to go, but to let my husband go and see what kind of medicine she was taking. He went and she was very happy, indeed, to tell him, and sent me some of your pamphlet. So I secured some of the medicine and began taking it. In one week I was able to get my appetite up, and I began taking your medicine which I could sit up only a few minutes at a time, and I could not sleep only a little while at a time. My throat was so sore at times I could not even swallow water, and my tonsils were full of little eating sores. My left side was swollen out of shape and so sore I could not bear my clothes fastened, as I could hardly get my breath. My victuals would sour on my stomach and I could not eat. I could not sleep at night. It seemed as though I was out of fix all over. My folks and friends had about given me up. The doctor said I would not get well. My father said I would not live four months, but three bottles of Dr. Pierce's Golden Medical Discovery, three bottles of his "Pellets," three bottles of Dr. Sage's Catarrh Remedy, and the use of salt water did the work."

"I never could tell you what I suffered before I used your medicine, and never could tell you how thankful I am to you and the good Lord for your medicine. Your "Golden Medical Discovery" is the best medicine I ever saw for chills. I was having a chill every day when I commenced taking it, and have not had a single chill since I took the first dose for chills. I will insure it to break the chills when it is used according to directions."

"I am sure that had it not been for your medicines, with the help of the good Lord, my sister would now be in her grave," writes Mrs. Nannie K. Champ, of No. 12, W. 135th Street, New York, N. Y. "We had two good doctors but they did not seem to help her any, and when she came to us to write to you for advice said that she knew she could not live much longer. The suffering was so severe and the pains moved so rapidly that I can hardly describe the case. The doctor said she was entirely 'run-down,' yet his medicine did not seem to help her any. She suffered greatly from dizziness in head, pains under left shoulder-blade and over the kidneys, pains in back and lower part of stomach, which seemed to move all the time from the bottom to left side of stomach. When first taken sick she seemed to have rheumatism; the pains first seemed to be in sores on her back. When I first took the medicines which you advised, and after three months' use, perfectly, she began to be able to walk about. My sister used six bottles of Dr. Pierce's Golden Medical Discovery, seven of "Favorite Prescription," three vials of Dr. Pierce's Pellets, one package of "Catarrh Remedy," also one box of Dr. Pierce's Healing Suppositories and some "Lotion Tablets." She is now in better health than she had been for some time before."

"I ask all my friends to use Dr. Pierce's medicines, because they never fail to cure cases that can be cured. This is my sincere belief."

"The reason I delayed writing was because I wanted to wait one year after I had taken the medicine before giving my statement, and now I can send a good, conscientious testimonial," writes Mr. James H. Sergeant of Plain City, Madison Co., Ohio. "During the summer and fall of 1891 I became all 'run-down'—my nerves were out of order and stomach out of order. I wrote to Dr. Pierce for advice. He said I had general debility and advised Dr. Pierce's Golden Medical Discovery. Thanks to you for your advice, I used six bottles of Dr. Pierce's Golden Medical Discovery, seven of 'Favorite Prescription,' three vials of Dr. Pierce's Pellets, one package of 'Catarrh Remedy,' also one box of Dr. Pierce's Healing Suppositories and some 'Lotion Tablets.' The suffering was so severe and the pains moved so rapidly that I can hardly describe the case. The doctor said she was entirely 'run-down,' yet his medicine did not seem to help her any. She suffered greatly from dizziness in head, pains under left shoulder-blade and over the kidneys, pains in back and lower part of stomach, which seemed to move all the time from the bottom to left side of stomach. When first taken sick she seemed to have rheumatism; the pains first seemed to be in sores on her back. When I first took the medicines which you advised, and after three months' use, perfectly, she began to be able to walk about. My sister used six bottles of Dr. Pierce's Golden Medical Discovery, seven of "Favorite Prescription," three vials of Dr. Pierce's Pellets, one package of "Catarrh Remedy," also one box of Dr. Pierce's Healing Suppositories and some "Lotion Tablets." She is now in better health than she had been for some time before."

MONDAY.

All depends upon what you want in a soap. If you require simply a dirt remover, almost any soap will do. But if you care at all about the thing which is to be washed, you must think twice before you act. Any soap will clean linens and muslins, but Ivory Soap leaves them as white as snow. Any soap will clean sheets and table cloths, but Ivory Soap leaves no coarse, strong odor. Try it once!

J. CAL EWING'S PLAYERS PUT UP GREAT BASEBALL

TOURNAMENT AT THE
WEST OAKLAND CLUB

LIVELY CONTESTS PROMISED
BY
MEN WHO WILL FIGHT
TONIGHT.

The bouts to take place at the West Oakland Club tonight will no doubt be witnessed by the largest crowd ever seen at the club. All the contestants in the best of condition and some of the liveliest kind of sport will be witnessed. The contestants have been evenly matched and as they will fight only four rounds each they will put in leisurely hours.

The tournament will start at 8:30 o'clock with Jack Dolan, W. O. A. C., Tom Taylor, E. O. A. C., for the opening event. The side box has been put up and both seem confident of winning. The next bout, between J. D. Peters, W. O. A. C., and Bill Hart, S. P. A. C., will no doubt be a repetition of their former bout, it is not faster, as both have worked faithfully in training, they will put up a hurricane fight. The next fight will be between H. Martin, S. P. A. C., and Bill Hart, S. P. A. C., which should be a mix-up of all usual merit. Both are anxious to get a reputation.

The next two hours are attracting a great deal of attention in San Francisco and both bouts in the second meeting will be considerably being put on these two bouts in San Francisco and both contests will be of the red-hot variety. These will be between Claude McNeal of Stockton and Fred Muller of San Francisco, and Fred Peters, San Francisco, and Bill Hart, S. P. A. C. The next bout, between Young Choyinski of the Acme and Young McConell of the West Oakland Club will wind up the four-round goes. These two should put up a fine contest, as both are hard fighters. McConell has had a great many bouts and has fought at the Olympic Club tournament, where he put up an excellent fight with the Baneko. McConell has trained faithfully for his bout and is in fine condition. He was the only one to score a knock-out at the tournament, and I am sure as he has a bunch in either hand he will give his opponent a very hard rub.

The main event of six rounds, between George Root and Wm. Dunn of Oakland is attracting a great deal of attention and considerable interest is being put on the bouts of S. P. A. C. on the long end. Both have been training for this event for the last two weeks. When they come together hear and please, and I will be on hand

"ROBERT FITZSIMMONS."

In speaking of the telegram Jeffries said:

"I don't know what to make of it, but you can say that I shall pay no attention to it until Fitzsimmons puts up his forfeit. I have wasted too much time and time on him now and won't go to any further trouble till he shows his money. Anyhow, it's too late to get ready for a fight for the date originally set for the Los Angeles fight, and I would be slow to train. I'll be glad to come to terms whenever Fitz shows the disposition."

Manager McCahey of the Century Club, which bid \$20,000 for the fight to take place during the carnival said:

"It's too late for us to bring the fight off. We couldn't get ready, nor could the men do sufficient training."

It was learned from the Century Club officials, however, that a bid will be submitted for a fight on July 4th.

RACING AT THE EMERYVILLE TRACK

SOME GOOD STARTS AND CLOSE FINISHES WERE ON THE SCHEDULE.

The races at the Emeryville track yesterday were fairly well attended. There was a good card and much betting.

Halmstad, the winner of the first race at 3 to 1, had good racing luck, and, at that, she only beat Sir Claus by a scant head.

Quill II made a great bid for the six-furlong dash and led until the last couple of jumps, when Madeline, off badly, forged ahead. Ben Magen, a 10-to-1 chance, came in third.

Alone, spread-eagled his field in the two-furlong dash and won, easily, with

being pulled up in the fast time of 47.

He was off flying, but showed himself to be very speedy, and is regarded by quite a few good judges as the best youngster in training. In this part of the world, Preston was unable to win the last race of the meet, and the six-furlong race through the bungling of Trotter. In the first place he got the favorite off badly, and then turned wide into the stretch, enabling Preston to get along on the rail. The fact is, Lassie of Langdon was gaining at the end made it look bad for Trotter.

The four-to-one handicap at one and one-eighth miles was taken by Lone, a very shifty animal with light weight in the saddle. At the end of the mile she drew away from her field and turned inside, to get along on the good time of 1:29.2. Positioned strongly backed, made a disappointing showing, failing to finish inside the money.

Limelight captured the last race from Tizou, a 30-to-1 shot. Neddy Diamond

Horton made the showing expected.

At this season, Paine's Celery Compound is the wonder of the age! Its marvelous virtues are discussed amongst interested medical men, and its cures are talked of at every fireside.

As a spring health giver, Paine's Celery Compound stands far ahead of all other known remedies; it has no worthy competitor in the vast field of medicine.

To a large extent, the present popularity of Paine's Celery Compound is due to the fact that it has accomplished some of its most astonishing cures in the spring season—the time when men and women complain of ill-health, loss of vitality, tired feelings—a time when people feel dull, listless, despondent, and ambitious; today, there are thousands of busy persons—mechanics, farmers, and dear wives and mothers, too, who, though able to walk around, are nevertheless sad, "out of health."

At this season, Paine's Celery Compound is giving the best restorative and strength giver for the "out of health" person; for those who are periodically having some organic disease, Paine's Celery Compound used at once, will quickly remove every trace of poison from the blood, brace up the weak nerves, strengthen the tissues, and tone the digestive organs.

If you, dear reader, feel that your health is not as robust and vigorous as it should be, let us honestly suggest the use of Paine's Celery Compound that has so wonderfully blessed your neighbors and friends. Be assured, "it makes sick people well."

Another protest was made by Councilman Wixson last night at a meeting of the Finance Committee, against employing guards at houses quarantined for small-pox.

"We have here a bill for \$80, another for \$16,300, another for \$45, another for \$41,250 and still another for \$90," said Wixson. "Each one of those bills is for watching small-pox cases. I don't believe that there is any more necessity for a guard at small-pox cases than there is for a guard at scarlet fever. Don't misunderstand me as some of the papers have misquoted me. I have no criticism to make of the Board of Health, neither have I a word to say against the men who were employed as guards. What I object to is the practice. As far as these present bills are concerned I shall sign them, because I believe the men have done the work and are entitled to their money, but I want to understand that I shall not vote for another such bill unless the case is a most aggravated one."

"Don't you think you should look into this matter a little more deeply?" asked Schaeffer. "I don't think it is any more fair that these places should not be properly quarantined than that hotels should be quarantined. We have appointed a committee to select a post-house site and whenever this committee looks it is met with a storm of protest."

Aside from the superb pitching of Schmidt, the features of yesterday's game were the hitting of Walters, Dumbley, who touched up the sphere for a home run, Mc'reade and Street, their pitcher, was given no support and their base running was very bad.

It was an 8-2 game with the Oakland strong arm men on the long end.

Throughout the entire nine periods, they played like pennant winners, and Schmidt's work in the box would make a National League look like Bill Dickerson without a ragam. Of course, the Ponies played ball all the time, but their fielding was ragged. Meredith, their pitcher, was given no support and their base running was very bad.

REDDING, April 18.—In the twenty-second round of one of the fiercest battles ever held in this city, Tommy Cox the Australian, walked over to Tom Herman of Oakland last evening and landed a right on his opponent's jaw that put Herman down and out. The night was scheduled for two rounds, but after the end of the first, Tom Cox called it quits.

He was unable to give a decision he gave it a "draw," and as the articles provided for a decision the night went on for what was to have been five more rounds, but the referee in the ring, Billie Phipps, manager of Joe Walcott, who is to meet George Gardner next week in this city, arrived in San Francisco yesterday accompanied by the champion's manager, Phipps, and elicited at Walcott's showing against Fred Russell and Jack O'Brien and was confident that the black fighter would beat Gardner more decisively in the coming battle than at their previous meeting.

The score as follows shows the whole story:

ANOTHER PROTEST
TO FIGHT FITZ

BIG FELLOWS ARE COMING TO
AN UNDERSTANDING ON
TERMS.

LOS ANGELES, April 17.—Jeffries has received a long telegram from Fitzsimmons, offering to fight in California. Jeffries declared that he is willing, but not within six weeks, as he would have to sustain training. He said also that he would make no announcement as to a side bet as it has been on that point that Fitz has crawled. It is reported, Fitzsimmons telegram is as follows:

"NEW YORK, April 17, 1902.—James Jeffries, Los Angeles: I am convinced, after careful investigation, that the only state in the Union where a glove contest can be held without interference on the part of the authorities is California. Of course, there is Nevada, but its isolation makes it out of the question. Kentucky has Ireland's opposition to the event, and South Carolina, through her Governor, with whom I have communicated by telegraph, expressed the determination to oppose glove contests with the might of the state. The telegraph has carefully investigated the propositions and offers that have been made, and stated each report and told to the bottom. This I did for the furtherance of our mutual interests and to give intelligent consideration to every possible offer.

"I believe the East to be the best possible place to pull off a contest, and that based on work, but it is clearly evident that the West is the place to hold it. The issue to the section you have always favored, and, inasmuch as it has been minimized in the public press and openly suggested by various handlers and trainers and backers, meeting with you, I make this proposal:

"I will meet you anywhere in the State of California, at any hour on any date you may select, and box you for the championship of the world, either in a limited-round or finish fight. Shirt Waist Season is here

—and as we are so well prepared for it we will give Shirt Waists the first position in our talk today.

Stylish Shirt Waists

It would be folly to attempt to draw pictures of the new Summer Waists with words. A few cold facts is the best we can do—sight must do the rest.

Throughout the whole line of colored waists it is very plain that the values are much greater than in any previous season. The fabrics are of better quality; the style tends more toward tailor-fitted models; the designs are original; the colorings are better; the details of the workmanship have received more attention; the collars and cuffs are more natty—and yet the prices are lower than last season.

And all this is as true of the lowest grade as of the highest.

Prices are **50c, 65c, 75c, 85c, \$1.00** and up to **\$2.50**.

WHITE WAISTS are deserving of just as much commendation as the others. Never was embroidery and inserting used so lavishly. Prices from **50c to \$3.00**.

SILK WAISTS present a wide choice in color and design, and are priced from **\$3.75 to \$10.75**.

Walking Skirts

—the smart kind that shows off the Shirt Waist to the best advantage are here. Prices are from **\$1.75 to \$1.75**, and among them:

\$1.75—Oxford grey Skirt, flared bottom, with sixteen rows of stitching.

\$2.45—Black or navy graduated flounce Skirt; stitched top and bottom.

\$3.75—Wool cheviot Skirt, with graduated flounce in Oxford, military grey and black.

\$4.50—Very smart-appearing Skirt, in Oxford and medium grey; extreme flared flounce finished with vertical, corded trucks.

\$5.45—Novelty basket-weave Skirt, in navy, Oxford, grey, or military blue; graduated flounce with cluster stitching.

Wash Dress Skirts

are priced from **85c to \$6.50**

85c—Linen crash Skirt, trimmed with serpentine braid; flare-cut flounce.

\$1.50—Stylish linen crash serpentine flounced Skirt, cut with extreme flare.

\$1.95—Pure linen Skirt; plain, with full flare bottom.

\$3.00—Extra heavy pure linen Skirt; serpentine graduated flounce, finished with three bias bands.

Novelty Belts

—here is everything up to date, including the new hip-shapes, form fitting and other novelty designs in belts.

Hand-carved leather Belts, from **50c to \$1.75**

Basket pattern leather Belts, from **50c to \$1.75**

Patent leather Belts, from **25c to \$1.00**

Morocco Belts, from **50c**; seal from **35c to 75c**

Calf skin Belts, from **25c to 50c**

Silk tucked Belts, **25c, 50c, 75c**

Black moire Belts, from **50c, 65c and up**

Plain elastic Belts, from **50c**

Beaded elastic Belts, from **50c to \$2.75**

Fancy ribbon Belts, from **50c**

Velvet Belts, **25c, 40c, 50c and 60c**

Corduroy Belts, **40c, 50c and 60c**

BOARD OF TRADE DIRECTORS MEET

A. P. MAGINNIS WILL RESUME HIS OLD POSITION IN THE SOUTH.

SOL KAHN IS ELECTED PRESIDENT AND EDWIN STEARNS CHOSEN SECRETARY.

The directors of the Board of Trade held a meeting yesterday and adopted a resolution expressing it as the sense of the organization that Washington street should be opened from Fourteenth to San Pablo avenue. The proposition was recommended as a general one without any attempt to comprehend or endorse any of the several plans by which it was proposed to open the street. Director Fairchild made the statement that the failure to open the street when the matter was attempted some months ago had cost the city a fine hotel, inasmuch as capitalists had bought a large piece of land on San Pablo avenue for a hotel site when it was supposed that Washington street would be cut through, but later the project of building the hotel was abandoned because of the failure to cut the street through and bring the property in closer touch with the business center of the city.

The directors of the Board of Trade elected the following officers:

President, Sol Kahn; vice-president, J. H. Chambrelain; secretary, Edwin Stearns; treasurer, M. J. Keller.

HE STOLE A RING FROM A BENEFATOR.

Acting on telegraphic instructions from the Stockton police, Chief Hodgkins arrested John Cochlin this morning. It is stated for grain largely, having stolen a ring from a man named Welsh in Stockton, who had befriended him.

The Stockton police have been notified of Cochlin's capture.

LICENSES IN THE COMMITTEE.

PETITIONS OF LIQUOR DEALERS ARE HEARD BY COUN. CILMEN.

The Licenses Committee of the City Council last evening recommended that J. D. Crawford be granted permission to conduct a saloon at Twenty-first street and San Pablo avenue. There had been a protest against the place, but Crawford said he now had no opposition.

"One of the principal signers was Mr. Hall, 55 years of age, and he has since died," said Crawford. "The others are sorry they signed it. Mrs. Sarah Garrity told me that the reason she had opposed me was that I had gone to Layman and not to her to lease the property. She was to have received a commission for leasing the property."

The license was then recommended to be granted.

The following applications for renewal of liquor license were recommended to be granted: Leon Faure, Seventh and Broadway; J. H. Young, 223 San Pablo avenue; Mihlich & Craham, 469 Eleventh street; W. F. Hewell, 801 Broadway; F. J. Thomas, 229 Third street; G. Angeli, 1803 Grove street; B. F. Connally, 1224 Broadway; Faure & Courant, 411 Eighth street; J. H. Klee, 5717 San Pablo avenue; John Coyne, 57 Penitula street; Isidor Mandel, 212 San Pablo avenue; J. P. Michlich, 575 San Pablo street; M. F. Vargas, 544 Lewis street; Gamberoni & Bottini, 52 San Pablo avenue; C. A. Appelord, 528 Washington street; W. Reichold, 413 Fourteenth street; Gavello & Risi, 541 Eleventh street; Petty & Petrie, 1001 Fifth street; Tamm & Gifford, 703 Market street; Michael & Gurnick, 603 Broadway; J. P. Hogan, 415 Thirteenth street; J. A. Pedro, 911 East Fourteenth street; J. Britton, Fourth and Broadway; Barker & Capon, 758 Seventh street; G. M. Hunt, Twenty-third and Franklin streets; and G. Brause, 559A Telegraph avenue; J. F. Hanley, 1503 Seventeenth street; Elben & Nor, 1547 Seventeenth street; G. H. Le Roy, 501 San Pablo avenue; B. Ciancianni & Co., 554 Clay street; John Lynch, 1457 Seventh street; Frank & Wemmer, 412 Eighth street; M. Andreani, 759 Jefferson street.

TIME LIMIT FOR AUTOS.

COUNCIL IS CONSIDERING AN ORDINANCE ON THE SUBJECT.

At the suggestion of President Schaf for the ordinance regulating the speed of motor vehicles was laid over to ascertain how San Francisco had fixed the limit of speed.

There was considerable discussion of the ordinance and it was brought out that ordinance would effect motor bicycles, as well as automobile and steam vehicles.

Fitzgerald suggested that the vehicles be limited to eight miles an hour, saying that such a limitation would keep them from going more than twice that fast. Bon thought as Fitzgerald did.

Dornin suggested that they be limited to eight miles inside the fire limits and ten miles outside the limits.

Wixson said, on Sundays for instance, the travel was as congested as much outside as inside the limits.

Dornin said the machines could be handled as well as horses and Bon declared that they frightened animals.

"They go pretty slow at twelve miles," said Poyer, "and they are absolutely under control."

"But a frightened horse is not under control," said Bon.

City Attorney Johnson said that the vehicles could be limited in speed by one man in a hundred reached when the limit had been reached. He said he saw one of the motor bicycles going at the rate of thirty-five miles an hour a few days ago.

The petition of Kirchner & Mante to be allowed to lay a spur track on the sidewalk of the south side of the street, from Alvarado to Clay street, was read.

Gilding a spur in Seventh street, from Clay street to a point 110 feet easterly. Recommended.

At intention to sidewalk certain streets. Laid over for a week.

At intention to sewer Fourteenth street from West to Brush streets. Recommended.

Grading a sewer in Seventh street, from Clay street to a point 110 feet easterly. Recommended.

A similar course as taken with the petition of the Contractors for a 400-foot spur track on the south side of the street, from Alvarado to Clay street, was recommended for passage to print.

The ordinance authorizing the Board of Public Works to contract for bids for the next fiscal year was laid over for a week.

The ordinance apportioning the cost of the city's public works taxes among the various districts was read.

The defendant is a carpenter and a year ago he left Oakland and has not been heard from since. His wife has been supporting herself and their children by taking in sewing.

The usual ordinance establishing funds was laid over for a week.

The translation is as follows:

"All my property—the house in Alameda—I will bestow and transfer to my wife, and she will control it until she dies. This will prove that our children are not to own it while she lives."

Dated 20th of November in the 24th year of our Lord, 1899.

"Witnesses: Chun Hoon Chew and Lee Kim Sam."

The estate is worth about \$3,000. The children are five—Moon Ah Duck, Ah Fat, Ah Man and Ah Sing.

HEIRS OBJECT TO AN ANNUAL ACCOUNT.

Judge Ellsworth has set the hearing of the second annual account of W. H. Beck, as administrator of the estate of the late Karl Beck, for next Monday afternoon at 2:30 o'clock. Attorney Frank Shilling, who represents the heirs of the estate, objected to a continuance, but Judge Ellsworth declared that owing to a crowded calendar he could not take the matter up before that time.

"While we have made objections to many items," said Shilling, "there are really only twelve items which are under controversy. We wish to have it disposed of as soon as possible. The administrator, you will remember, has already been removed once."

"I would go over each item very carefully, if there were no objections," said Shilling.

The heirs object to a number of expenditures and to the alleged fact that many receipts were not contained in the account. About \$4,500 is involved in the controversy.

BOER LEADERS HAVE GONE OUT
TO TAKE A VOTE ON
PEACE TERMS.

LONDON, April 18.—The government leader, A. J. Balfour, in the House of Commons today, made the following important statement:

"After two conferences between Lord Milner, the British High Commissioner in South Africa, and Lord Kitchener and the Boer delegates at Pretoria, Lord Kitchener, while refusing to grant an armistice, on military grounds, has agreed to give facilities for the election and meeting of representatives of the various commands to consider the situation. The Boer leaders have, therefore, left Pretoria, to carry out this."

Mr. Balfour added that it was not expected that communication between the British authorities and the Boer leaders could be resumed in less than three weeks.

Mr. Balfour's statement made a generally favorable impression. It was agreed among the members that the delegation of the Boer army, a majority of the delegates favor the acceptance of the suggested British peace terms. The submission of the question to a plebiscite of the Boers is according to Balfour law, which require the leaders of armed forces in the field to take the opinion of their followers before concluding peace.

ELKS WILL HAVE A LARCE TIME.

STOCKTON, Cal., April 18.—No public amusement enterprise of a local character has attracted such widespread and intense interest as has the burlesque circus to be given this evening at the Agricultural Pavilion under the auspices of the Stockton Lodge of Elks, No. 215.

Preparations for the big show have been most elaborate. In the big pavilion seats for 5,000 people have been arranged in much the same form as at a regular circus, and from the way reserved seats have been sold it is conjectured that the seating capacity of the big structure will be taxed to the utmost.

You Can't Do It!

It is bound to be seen. You have been holding on to that old threadbare suit all winter, because you could cover it with an overcoat. But you can't do it any longer. A few warm days like what we have been having will send that overcoat to the wardrobe.

Now, my dear fellow, we don't ask you \$25.00 for a suit that will last you all summer—all we ask is \$10.00—

NOT \$25.00

BUT \$10.00

A top-notcher for \$10.00! Think of it! Think what you can buy yourself with the \$15.00 we save you.

RELIANCE CLUB IS PROSPEROUS. LATE NEWS FROM ALAMEDA

ANNUAL MEETING IS HELD AND
OFFICERS ARE RE-ELECTED.

The reports of the officers of the Reliance Athletic Club read at the annual meeting last night were so satisfactory to the members that, by a unanimous vote, the following Board of Directors: President, R. M. Fitzgerald; Vice-president, Fulton Taylor; G. R. Loring, P. J. Cadogan, W. J. Jellett, J. M. Jellett and C. H. Davis.

The reports of Treasurer Cadogan and Secretary Croley showed the club to be in excellent condition. They gave assurance that, while the cost of running the club has been materially reduced, the club has been made much more attractive and the members are given much more for their money than ever before.

In the last twelve months the membership has nearly doubled and the applications for membership are coming in rapidly.

After the reading of the reports, President Fitzgerald reviewed the year's work and stated that the club was now in better condition than it has been any time since its organization. This announcement was so highly satisfactory to the members that, as soon as the president had finished, several of the older members, owing to the fact that without waiting for recognition from the chair shouted their motions to re-elect the entire old board.

The club was then taken with much enthusiasm on the part of the members. Under the present administration the Reliance Club has made great progress. Members who pay \$25.00 a month as dues are not given much more for their money than that form. The boxing and billiards have been given a month, which to outsiders represents an outlay of \$2.00 a month. Monthly "junkets" with an addition to the privileges of the club, which include classes in boxing, fencing, wrestling, general gymnastics, bat-and-ball, shower and tub, sailing, sailing, accompanied with all the best periodicals and daily papers, billiard and pool rooms, bowling alleys, hand-ball courts, ping-pong and other games.

President Fitzgerald announced that, at an early date, all entertainments given in the club would be for members only and that to gain admittance at outside would be compelled to pay an amount equal to a month's dues.

LIBRARY TRUSTEES WILL NOT STAND RAISE IN RENT.

The Trustees of the Public Library have received notice from the owners of the building that the first floor reading rooms are situated on San Pablo Avenue that the rent for the use of the rooms is to be raised on May 1st. On account of this fact the Trustees gave orders to the effect that work on the reading room in the new building must be hurried in order that it may be in use before May 1st.

BERKELEY ATHLETES ARE READY FOR CONTEST.

Will Meet the Stanford Boys in Championship Games To-morrow—News Notes From the College Town.

BERKELEY, April 15.—The athletes of the University have put the finishing touches on and are resting for tomorrow. All of the men are in prime condition and anxious to try conclusions with Stanford's stalwarts.

Intense enthusiasm prevails among the students and they will attend the games at Palo Alto almost in a body. Everybody is anxious that the home team make a fine showing. The success of the track team in the East is the goal to which all are looking and the Berkeley-Stanford field day is looked upon as the final try-out of the athletes before they depart for Eastern cities.

The conclusion of the base ball season has permitted two men, Hamlin, who performed well in the hurdles two years ago on the Eastern trip, and Overall, the star pitcher and foot ball player, Hamlin will run in the high hurdles, and despite his lack of training, will be hard to beat.

Overall is entered in the shot put and is counted on to get a place for the Blue and Gold. Powell, who is expected to do great things in the high hurdle, smashed one of the hurdles with his knee Wednesday evening while warming up, but the injury will not affect his chance in tomorrow's contest.

A very pretty and exciting race is anticipated between Cadogan, Abadie, and Brown of the University and the two McCaughey brothers of Stanford. All of the men have done the 100 in the fast time of 10.5, while Cadogan and one of the McCaughey brothers are credited with records of 10 flat. The admirers of Cadogan, or "Tony," as he is more familiarly known, are enthusiastic enough to predict California's speedy sprinter will do the distance in less than 10 seconds if necessary.

Cadogan may also run in the 4-10 yard dash, California's acknowledged weak place, but he does not like this course of action, he will undoubtedly be returned an easy winner. He is capable of making a new record coast in the event. As a preparatory student, he is the instance in the most remarkable fast time in 10 seconds. With four years' strength added he should be able to negotiate the distance in less than 50 seconds.

Much interest will center in Play's hammer throw. In the private trials he has broken the world's record numerous times, and is expected to set new mark tomorrow.

In the half-mile, mile and two-mile events, the University men expect easy victories. Service, Redewell and Tibbott being depended on in their respective events.

Stanford is pinning her faith to the pair of high jump, running broad jump, shot put and 100 yard dash. In these events the contests should be close. In the shot put, Play should be an easy winner. He has put the golden toy by over a foot on the previous occasions.

On previous performance the Berkeley men appear to an advantage and ought to win by a safe margin over their gritty opponents.

BERKELEY CHAMPIONS WILL JOURNEY NORTH.

BERKELEY, April 18.—It has been definitely settled that the University base ball team, this year's inter-collegiate champions, will make a tour of the north-west.

The team will leave about June 1st, and will visit Portland, Seattle, Everett, Spokane and other cities.

The schedule of games has not yet been arranged, but this will probably be done before Manager Decoto leaves with the track team for the East.

BERKELEY PIANO CLUB RENDERS SYMPHONY.

BERKELEY, April 18.—The Berkeley Piano Club held an extensive function yesterday afternoon at the residence of Mrs. Rickard, 2729 Bancroft Way, during which Beethoven's Ninth Symphony was rendered.
